Layout

Exterior

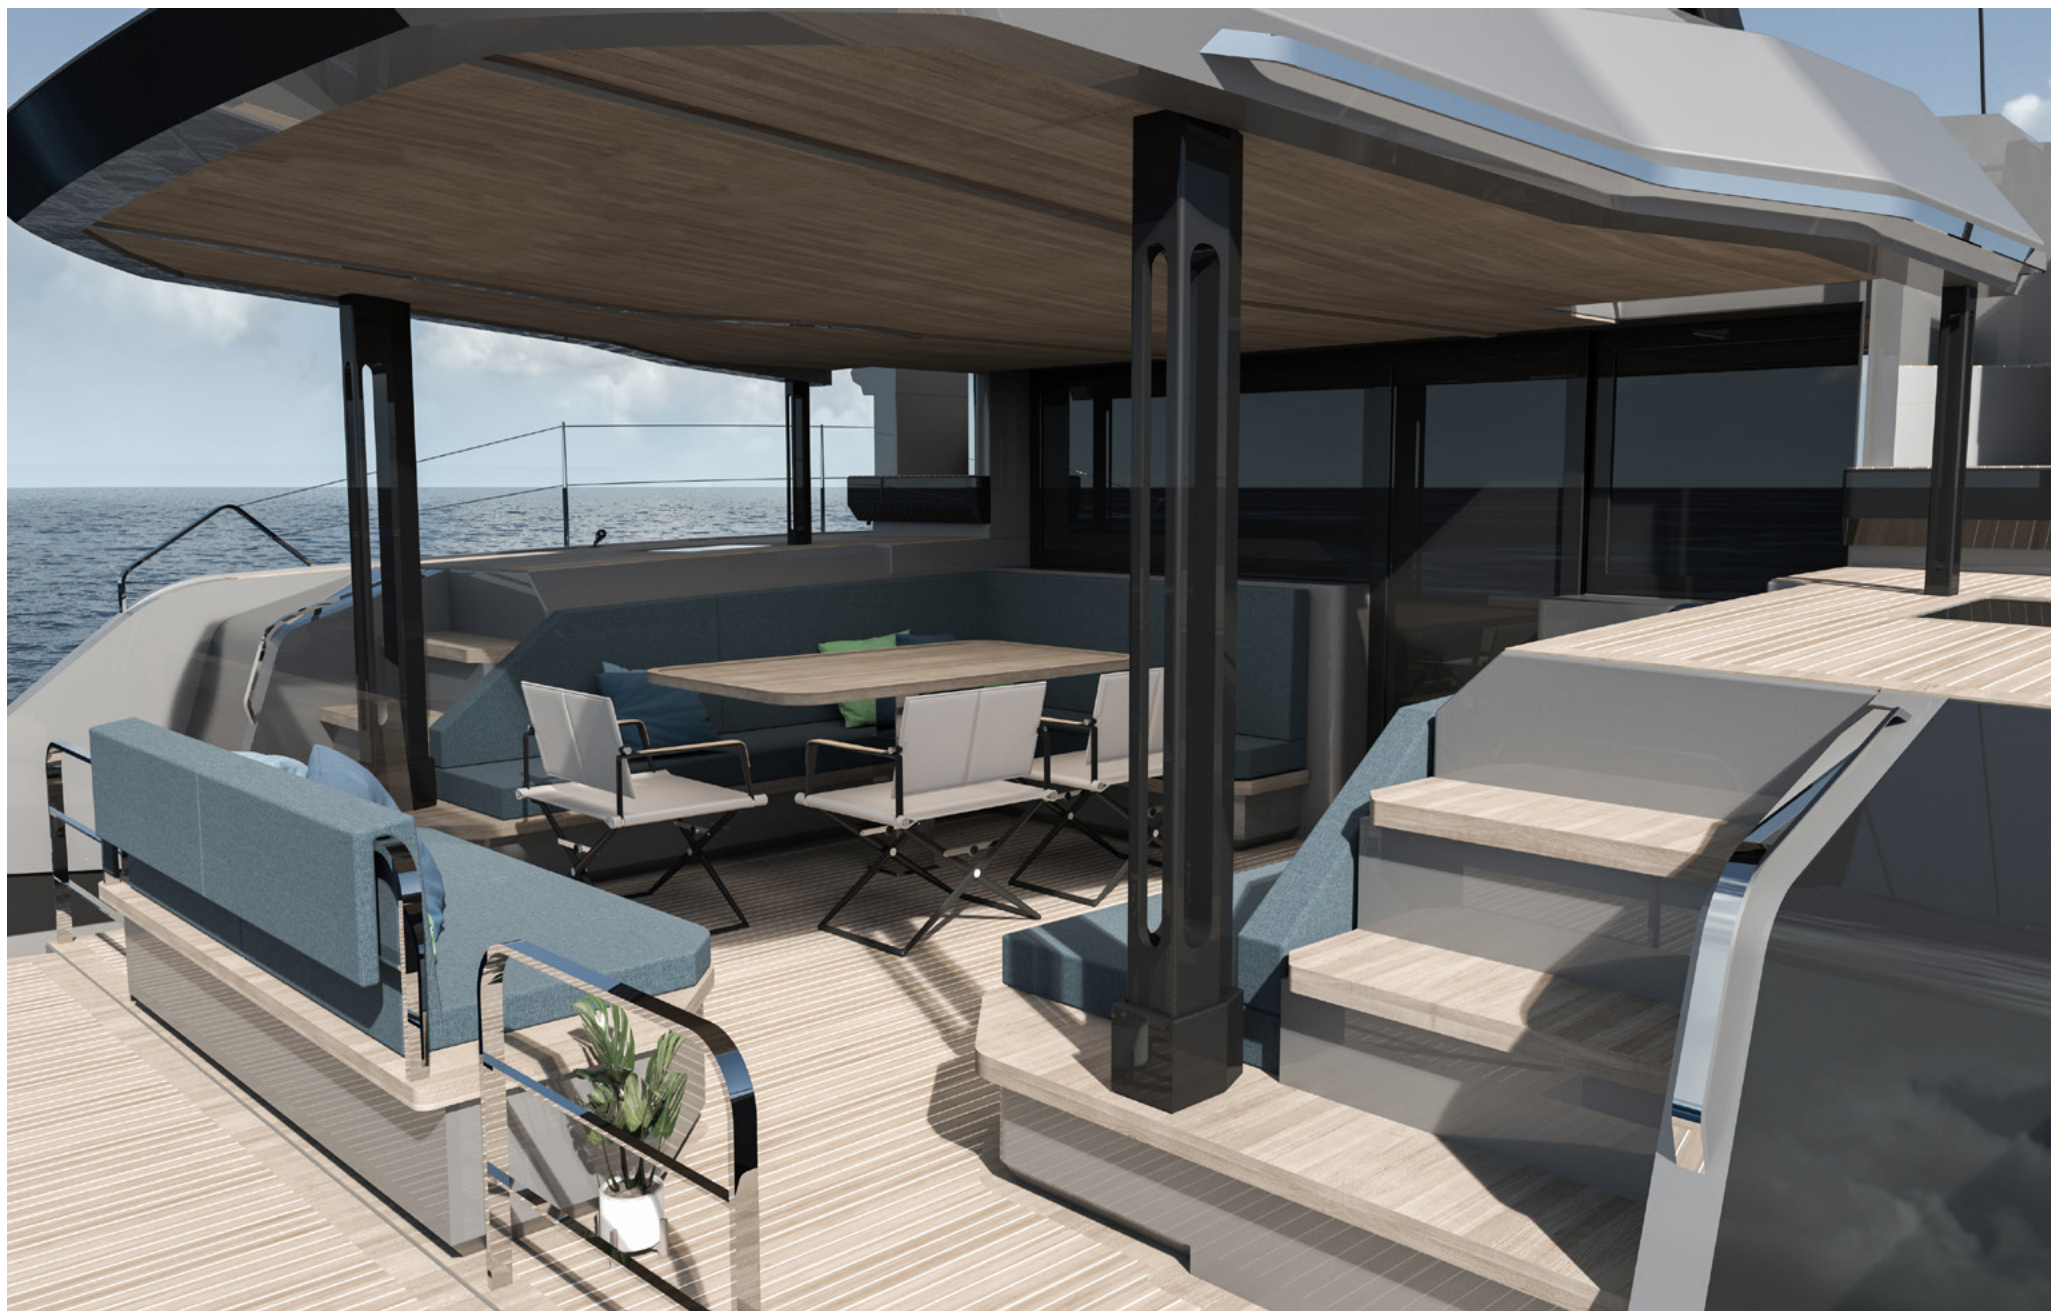

Portofino 47 is the new catamaran presented by Portofino Shipyards. It was designed to optimize the guest experience and all the on-board services. One of the main features, which sets it apart from other catamarans, is the amidship engine room.

Exterior

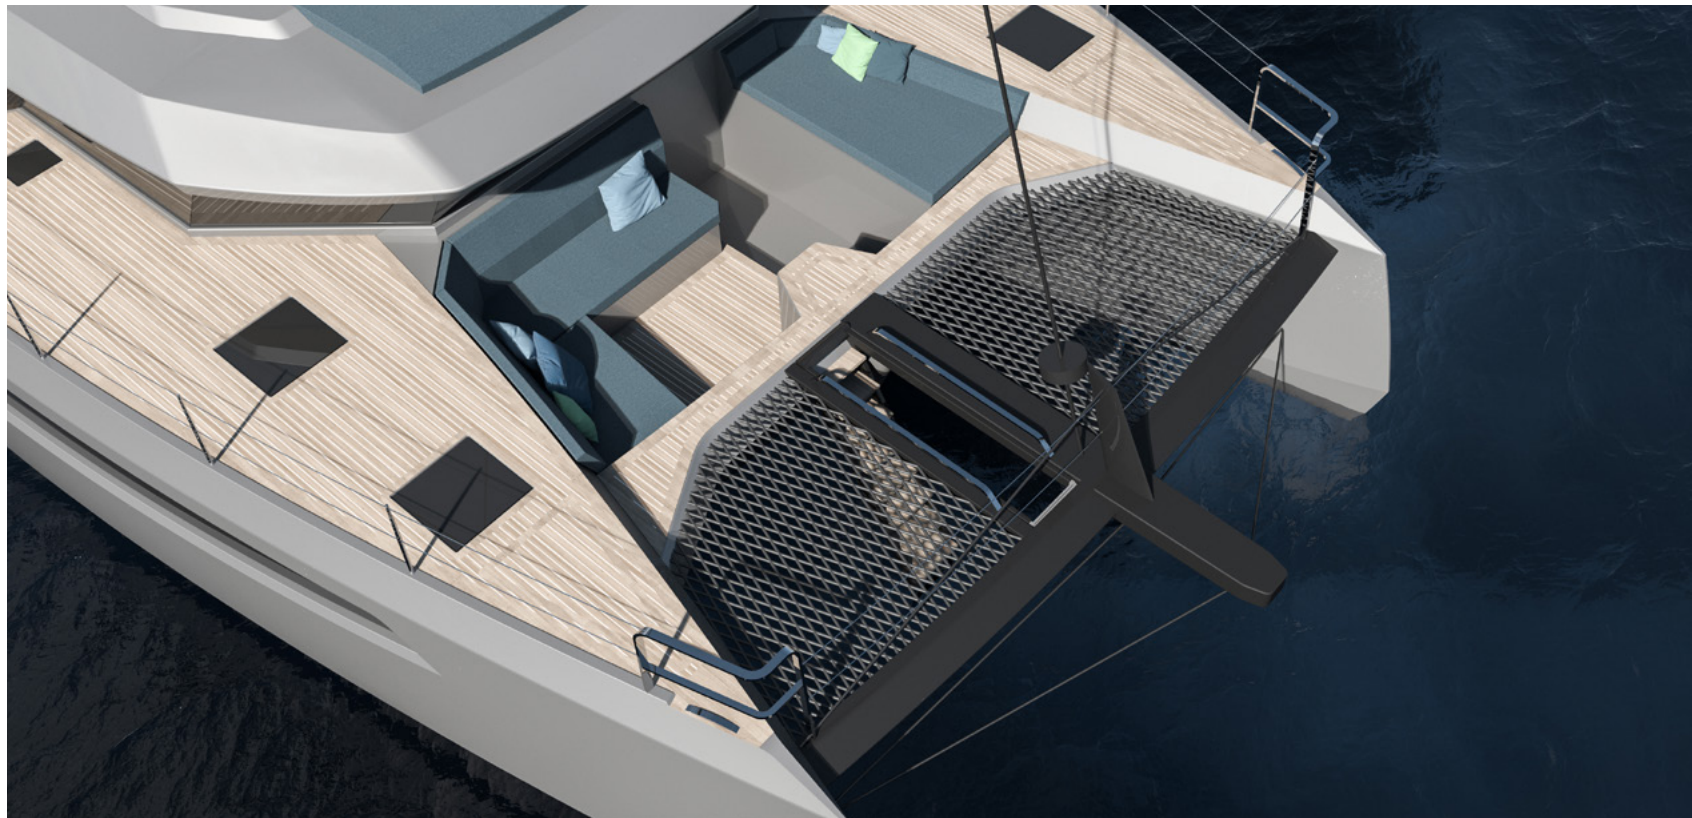

Exterior

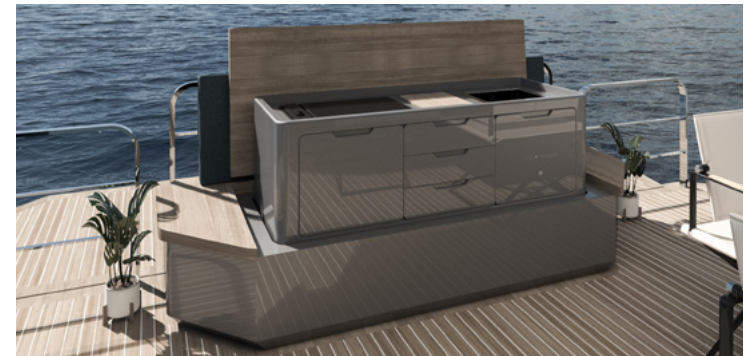

Exterior

The bow area features a door that allows access to the lounge where guests can relax and enjoy outside space. The forward ladder allows access to the sea. The architecture of the exteriors is focused on overlapped surfaces that define both the shape and the function of the spaces.

Exterior

Portofino 47 has a unique layout. Outside and inside spaces are optimized to increase guest's comfort and privacy, emphasizing connection with sea and the on-board experience. The stern area is completely editable thanks to the modular sofa and the lifting platform.
